

To whom It May Concern:

I have been lucky enough to have utilized Christopher and Crystals skills for the last 8 years now⁹ They have provided my family, my company and myself: guiding thoughts/answers, focus, redirected paths and sometimes closure when needed. The comfort they have provided in times of need has been outstanding and incredibly concise, where they would have no Information prior, The Insight to relatives passing over and who greeted them, the process itself and description of prior passed relatives was dead on and calming to many of *my* family members.

I *have utilized* Christopher for my own spiritual growth at times and *enjoy his comforting manner* he brings to every conversation. Our company has grown over the years and their input has been invaluable to crossroads, ideas, disgruntled or deviant employees and multiple routes that come to them, whereas I could not achieve on my own. I am always amazed when they pull forth ideas that ! was just toying with and wondering If 1 should take my company in that direction,

I will continue to seek Christopher and Crystal's gifts, as well as that of my family to: enhance our life, stimulate spiritual growth, provide closure and advance our company as long as they remain available to mo. ! fee! extremely blessed to have found them and for them to be a part of my life,

Sincerely,
M. Morton
